## *Opportunity Beckons the Shorthorn Breeders of America*

---

Arthur O. Stanley was a master cattleman. Fortunate indeed was it that he favored the Red, White and Roan, for his work in the improvement of our breed will form a vital chapter in Shorthorn history. Few men have commanded more general respect and admiration for honesty, ability and industry than did A. O. Stanley. In his modest way he gave the entire credit for his superior Shorthorn productions to the members of his great breeding herd, all of which had been selected for permanent positions because of their absolute dependableness. All of these cattle are now to be offered at auction prices and along with them goes the good will—the most valuable part of a pedigree—that a lifetime of integrity and knowledge of matings could work into them. It would be his wish that these cattle, never before priced, should be scattered in such a way as to be most beneficial to the breed and it is to be hoped that the sale will be liberally patronized by those who realize the time, effort, care and patience necessary in building up a herd of such high quality.”

This dispersion sale comes at a psychological time. It comes at a time when prices are yet at modest levels, and those who make selections will work definite improvement in their herds. Art Stanley had viewed the future with optimism and had built his herd to its largest and what he considered its strongest point in preparation for a strengthened demand in 1928. At the time of his death he was developing fifteen bulls which he considered the best lot he had ever produced. Visitors on sale day will be convinced that the judgment of this breeder, whose bulls have successfully headed many of the country's most representative herds, was correct. Perhaps the next great dispersion of a herd of equally high standing will not occur until prices have shown a distinct advance. Why not take advantage of this one at present low prices

## *Announcement*

It is needless for us to offer regrets in the dispersion of the Valley View Shorthorns. They have been a part of our individual lives for years, and through them, many staunch friendships have been formed, which we trust will carry on even to a broader field. It is our sincere wish that these Shorthorns, which meant so much to Mr. Stanley, will find homes where they will do the most good for the advancement of the breed, thus perpetuating the constructive efforts of a life time spent in the building of this herd. We appreciate the courtesies extended in former sales, and we extend a cordial invitation to be with us on this occasion. Whether you wish to avail yourself of the offering, or not, your presence will add strength to the day for Shorthorns.

MRS. A. O. STANLEY  
IRVIN STANLEY

## *GOOD WILL !*

Few men enjoyed the universal good will of his fellow breeders, not alone Shorthorn breeders, but those of all pure bred breeds, as did Mr. Stanley. Good will is the foundation of confidence and in the same measure as it applies to man, it also applies to his works. Good will and confidence are the fundamentals on which business is built and this is more true in the breeding of pure bred live stock than in any other line of human endeavor. It is the good will and the confidence of his fellow breeders that makes the pedigrees of a breeder's productions valuable. Aside from the individual merit of the cattle this offering is backed by a guarantee of higher tribute than is apparent on the surface. They are backed by a degree of "good will" that is invaluable to the future progress of Shorthorns.

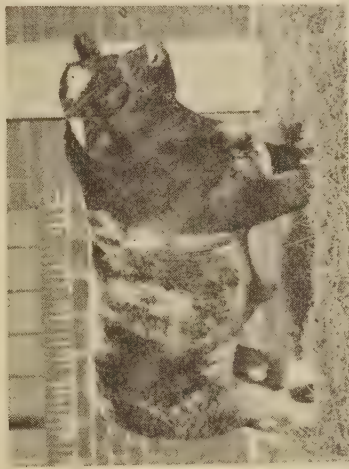

## FAIR MARSHAL

The great white son of Advance Marshal that gave the 'Stanley Herd' a prominence through performance that has stood the test of time. He was right from a calf up and his calves won many champion prizes for Valley View Shorthorns. Among them are Sherwood Marshal, Champion Central Show; Rosewood Marshal, Champion 1925 Congress and the steer Valley View Marshal 6th, that defeated every steer of every breed in 1925 up to and including the Royal.

An index to what Fair Marshal accomplished in the way of constructive breed improvement will be found in his three daughters and eight grand daughters, and their progeny that are selling in this sale. The extent of his appreciation at the hands of other breeders is also reflected in the list of "Stanley Bred Bulls," in use in other herds. His dam, Imp. Sherwood Maid 2d, is selling in this sale with a real red heifer calf at foot by Merry Revelation, that further illustrates the constructive blood lines that enables his get to "carry on."

## *Merry Revelation Made Good*

---

The catalog of the last sale of Valley View Shorthorns contained this note under the pedigree of Merry Revelation:

In Merry Revelation we feel that we have at last acquired a herd bull that fills in his entirety, our ideal as a herd sire. He is the thickest fleshed bull we have ever owned, and, in all our experience have seen but few that comes anywhere equaling him. His first crop of calves, a few of which we are selling in this sale, are the thickest smoothest, lowest set, beefy type calves we have ever had dropped in our herd, and the greatest indorsement of his breeding qualities, is the uniformity of these calves regardless of sex. They are all alike—low set, heavy boned, wide at both ends, as thick as you would want them, smooth, and of real herd bull and breeding matron quality. His breeding is all that could be asked for—a full line of Augusta dams topped with a strong concentration of Villager blood. A bull of his individuality and breeding, with the ability to transmit his quality to his get, is about all that could be required.

The get of Merry Revelation that sells in this dispersion will bear witness to Mr. Stanley's Judgment—approximately twenty-five head of them. They are the best indorsement of a herd bull's real value, and prove conclusively that he is all that Mr. Stanley expected of him when he wrote the above foot note. He will make a creditable addition to any herd, and his real value to the breed is not yet recognized. He affords a wonderful opportunity to the man in need of a "regular" breed improving herd sire. If your Shorthorns are not thick enough, if they are not as deep fleshed or as smooth as you would like them, Merry Revelation is the one bull that is now available that can and will put the desired quality on your next crop of calves.

Thirty-three females in this sale offering are carrying the service of Merry Revelation.

Merry Marshal 6th, was, in Mr. Stanley's opinion, the greatest prospect for a show and breeding bull that he had ever produced in all his breeding operations. He is a superb individual, thick fleshed, low to the ground, a rich red, with very little white, with a real bull head on his shoulders. He is of ideal beef type and his breeding assures his ability to reproduce his outstanding qualities to his progeny. If you need a real bull in either your breeding or show herd, better look this fellow over.

FIELD MARSHAL

By Marshal's Marksman, one of the famous show and breeding bulls produced in this herd. Now in service in the herd of A. E. Wade, at Douglas, Oklahoma.

## STANLEY BRED BULLS IN OTHER HERDS

We are giving here a list of thirty-one sons of Advance Marshal and Fair Marshal, all the product of this herd, that have been sold to head representative herds, going to eight or nine different states. It will be noted that three of these went to the State Agricultural College herds of Iowa, Illinois and Utah. All have made good as breed improving sires, demonstrating that the foundation on which this offering was builded merits the careful consideration of the opportunity that this dispersion brings to the Shorthorn fraternity.
